Fly Safe

As you have seen on the website that Kirk sent out, the FAA is becoming proactive against the misuse of drones. Unfortunately model airplane clubs were also swept up in the no-fly zone that extends 30 miles from Washington. I hope the AMA will be able to define a separation between responsible flyers and those who persist flying dangerously.

Parting Shot

Remember that a current AMA membership is required by CCRCC and the city to fly at Hinkle Field. Please don't endanger our flying site. Thanks - Wayne
